a. PEMEX production includes partners as of 2018.

b. As of 2018, the condensates produced in crude oil fields are separated.

c. PEMEX production only.

d. Liquids from plants: liquids from gas processing complexes; include condensates recovered during gas transportation.

e. Production of liquid hydrocarbons by PEMEX with partners: sum of liquid hydrocarbons from crude oil, condensate and liquid hydrocarbons from gas.

Note: All data are reported at Pemex conditions: 20°C and 1 atmosphere.

PEP: Pemex Exploración y Producción.
