MEXICO CITY, MEXICO – MARCH 2, 2018 – Petróleos Mexicanos (“PEMEX”) announces the final tender results for its offers to purchase for cash (i) any and all of its outstanding series of notes listed below under the heading “Any and All Offers” (collectively, the “Any and All Notes”, and such offers, the “Any and All Offers”) and (ii) the series of notes set forth in the table below under the heading “Waterfall Tender Offers” (collectively, the “Waterfall Notes”, and such offers, the “Waterfall Tender Offers”) for a specified maximum aggregate purchase price payable per series of Waterfall Notes, and (b) its concurrent solicitation of consents (the “Consent Solicitation”) from holders of each series of Any and All Notes to a proposed amendment to the indenture governing the Any and All Notes. The Any and All Offers and the Waterfall Tender Offers are collectively referred to as the “Tender Offers.”

The Tender Offers and the Consent Solicitation were made pursuant to the offer to purchase and consent solicitation statement dated February 1, 2018 (as amended and supplemented from time to time, the “Statement”), and the related consent and letter of transmittal dated February 1, 2018, which set forth in more detail the terms and conditions of the Tender Offers and the Consent Solicitation.

Any and All Offers

The following table summarizes the final tender results for the Any and All Offers as of 11:59 p.m., New York City time, on March 1, 2018 (the “Expiration Date”), and the principal amount of each series of Any and All Notes that PEMEX has accepted for purchase:

(1) Per U.S.$1,000.
(2) Per U.S.$1,000. The Total Consideration includes an early tender premium equal to U.S.$30.00 per U.S.$1,000 principal amount for each series of Any and All Notes accepted for purchase.

Holders of (i) U.S.$100,000 principal amount of 3.125% Notes due 2019, and (ii) U.S.$1,285,000 principal amount of 5.500% Notes due 2019 (the “5.500% Notes”), tendered their notes after 5:00 p.m., New York City time, on February 14, 2018 (the “Early Tender Date”), and on or prior to the Expiration Date. PEMEX has accepted for purchase all of the Any and All Notes validly tendered after the Early Tender Date and on or prior to the Expiration Date. The final settlement date on which PEMEX will make payment for Any and All Notes accepted after the Early Tender Date is expected to be March 5, 2018 (the “Final Settlement Date”).

Holders of Any and All Notes that validly tendered on or prior to the Early Tender Date and whose Any and All Notes were accepted for purchase received the applicable total consideration set forth in the table above, which included an early tender premium, and accrued and unpaid interest on their accepted Any and All Notes from the last interest payment date to, but not including, February 16, 2018, the early settlement date of the Any and All Offers. Holders of Any and All Notes that validly tendered after the Early Tender Date but on or prior to the Expiration Date and whose Any and All Notes have been accepted for purchase are entitled to receive only the applicable tender offer consideration set forth in the table above, which is equal to the total consideration set forth in the table above minus the applicable early tender premium, and to receive accrued and unpaid interest on their accepted Any and All Notes from the last interest payment date to, but not including, the Final Settlement Date.

The total cash payment to purchase the accepted Any and All Notes on the Final Settlement Date will be approximately U.S.$1.4 million, including accrued and unpaid interest. Any and All Notes that have been validly tendered after the Early Tender Date and on or prior to the Expiration Date cannot be withdrawn, except as may be required by applicable law.

As a result of PEMEX’s acceptance for purchase of a majority of the outstanding principal amount of 5.500% Notes by the Early Tender Date, on February 16, 2018, PEMEX executed a supplemental indenture with the
Trustee to amend the indenture governing the 5.500% Notes to shorten the minimum notice period for the optional redemption of the 5.500% Notes to not less than three business days and no more than 10 days prior to the redemption date. This amendment will become operative on the Final Settlement Date, upon PEMEX’s consummation of the Any and All Offer for the 5.500% Notes in a manner resulting in the purchase of all validly 5.500% Notes tendered after the Early Tender Date and on or prior to the Expiration Date.

(1) Per U.S.$1,000.
(2) Per U.S.$1,000. The Total Consideration includes an early tender premium equal to U.S.$30.00 per U.S.$1,000 principal amount for each series of Any and All Notes accepted for purchase.

On the Early Settlement Date, PEMEX made a payment for the Waterfall Notes tendered on or prior to the Early Tender Date and accepted for purchase in the Waterfall Tender Offers. Because the Waterfall Tender Offers were oversubscribed as of the Early Tender Date, holders of Waterfall Notes who tendered after the Early Tender Date and on or prior to the Expiration Date will not have any of their Waterfall Notes accepted for purchase. Any tendered Waterfall Notes that have not been accepted for purchase will be returned or credited without expense to the holder’s account.

The Tender Offers have now expired. No Any and All Notes or Waterfall Notes tendered after the Expiration Date will be accepted for purchase pursuant to the Tender Offers. Any tendered Any and All Notes or Waterfall Notes that are not accepted for purchase will be returned or credited to the holder’s account.
